Emergency Management Portal

QUICK-DATA—EMP

QuickFire Emergency Management is in the process of moving to a paperless reporting system and we are very excited and proud to announce the development of an Emergency Management Portal.

QUICK-DATA—EMP will provide facility and organisational managers with an up-todate overview of their site(s) fire and emergency response compliance levels at a glance. Simply visit our website to access the portal with your username and password.

Emergency Plans, Evacuation Diagrams, Annual Evacuations, recent training confirmation, practice checklists and reports as well as attendance certificates can all be downloaded, printed or saved to a file.

Training schedules can be proposed and staff allocated into sessions with reminder emails being issued to staff 3 days prior to training sessions.
